

APPLICATION FOR CREDIT TRANSFER

In order for a BINM applicant to be eligible for credit transfer, the student must first contact the BINM Admissions Department to determine if there is an available seat for the year in question. Transfer applicants must meet the same entrance requirements as all other BINM students and must be applying to transfer credits from a CNME accredited or "candidate for accreditation" college. At this time, BINM is only accepting transfer applicants who have successfully completed their basic sciences and are eligible to write the NPLEX Part 1. BINM does not accept students who were dismissed from another CNME accredited, or candidate for accreditation, school.

Who approves the credit transfer?

The receiving institution (BINM) is responsible for reviewing the transfer applicant's submission and will determine which, if any, credits are deemed transferable.

How to apply for credit transfer?

Once it has been determined that there is an available seat in the cohort in question and after the transfer applicant has met all BINM entrance requirements, the applicant must complete and submit an Application for Credit Transfer Form (attached) together with a non-refundable \$250.00 transfer evaluation fee. Inclusion of syllabus details and learning outcomes, which describe the academic content of the course at the time studied, as well as the inclusion of a transcript/academic record, must be included with the application. The transfer evaluation fee is payable by cheque, cash, money order, bank draft or credit card. Please note, a 2% service fee is charged if credit card is the method of payment. All payments are to be made in Canadian currency.

How to submit the application

Fax, email or mail the application to:

Admissions
Boucher Institute of Naturopathic Medicine
230-435 Columbia St.
New Westminster, BC
V3L 5N8
Fax: 604-777-9963
Email: Julia.Klymenko@binm.org

When to submit the application

All transfer applications should be submitted after the student has met the admissions requirements and is offered a seat in the cohort in question, pending approval of transfer credits. The transfer application must be submitted at least one month prior to commencement of studies at BINM.
