of Naturopathic Medicine

BOUCHER INSTITUTE POLICY

Policy Title: Strategic Plan Policy

Date of Initial Board Approval: October 18, 2017

Date of Last Approved Revision:

Person(s) Responsible for Implementation & Adherence: Board of Governors,
President and Staff.

Related Policies & Procedures: Mission Review Policy, Strategic Planning Procedure

Purpose: Long-range strategic planning is crucial to the success of the Institute. It defines the Vision and Mission for the school and provides direction and goals that align with the values and primary responsibility of the school to graduate competent naturopathic physicians.

The Board of Governors is ultimately responsible for the strategic plan for the Institute however the planning is a collaborative, inclusive process that includes all stakeholders. Institutional and student success should drive the Vision and Mission of the school and all related planning activities. Implementation and monitoring of the strategic plan should be data driven with outcomes that support clear goals and objectives

The Strategic Implementation plan will be reviewed annually by the Strategic Planning Committee (SPC), which includes the Board Chair, the President and other leaders in the community. The SPC will ensure that all stakeholders including staff, students and faculty are fully involved in the strategic process. The Strategic Planning Committee will generate progress reports that will be disseminated to the Board and Boucher community.
